Professional trigger gun, 3/8" QD Plug
20" stainless steel lance, 1/4" QD Plug outlet
5tips QD nozzles

Optional:

Self Priming

FEATURES

Medium-Commercial Grade

It is ideally suited for frequency use in medium-scale or commercial cleaning scenarios.

Pressure Adjustable

To prevent damage to delicate surfaces by matching the pressure level, enhance cleaning efficiency and suite multiple scenarios.

Engine Emission Approved

The gasoline engine equipped on the pressure washer has obtained EURO 5 Emission Certification.

Crankshaft

It can achieve efficient power transmission, and stable output, with high strength and low vibration.

Pump Head Thermal Protection

It protects the pump from over heating when in bypass, by release the hot water and cooling down the pump head.

13" Pneumatic Wheels

Wide-load wheels features a larger tire width with an excellent shock adsorption and durability.
