

TLRB-4P18

Rotating Brush Telescoping Wand Kit
 Water jetting spin at high speed and combined with Brush scrapping

The brush spins at high speed driven by the water jet, and adds the scraping force on the surface during pressure cleaning. Pre-installed 4 poles of aluminum telescopic wands with a protruding ring at the end to prevent excessive pulling. Nylon joint and lever, with an anti-loose clamp design. Professional trigger gun with a continual working lock.
