

Professional Surface Cleaner

Connect to a high-pressure washer and use an aluminum spray bar that rotates at a high speed off the ground to clean the flat surface more consistently than the standard wands. It features a large cleaning path, with less fatigue and 10 - 20 times faster. It comes equipped with strong bristled brushes for long life and easy glide control. This surface cleaner is designed to eliminate operator fatigue while increasing safety. It can be used on decks, patios, sidewalks, driveways, pool decks, parking lots and any other horizontal flat surface.

PLFC-WB20

20-inch Professional Plastic Water Broom Surface Cleaner
Built with dual gun for individual control of the water broom and cleaning
