

Professional Surface Cleaner

Connect to a high-pressure washer and use an aluminum spray bar that rotates at a high speed off the ground to clean the flat surface more consistently than the standard wands. It features a large cleaning path, with less fatigue and 10 - 20 times faster. It comes equipped with strong bristled brushes for long life and easy glide control. This surface cleaner is designed to eliminate operator fatigue while increasing safety. It can be used on decks, patios, sidewalks, driveways, pool decks, parking lots and any other horizontal flat surface.

SSFC-HP18

18-inch Stainless Steel 500BAR Surface Cleaner

The full stainless steel construction enables it to withstand ultrahigh pressure

All made of stainless steel, it features an industrial-grade stainless steel rotary mechanism. It includes triple stainless steel 304 bearings, a stainless steel 18-inch housing, handle, switch valve, and mounting cover. The stainless steel rotating housing is equipped with a tungsten swivel wear-resistant seat and a stainless steel rotating rod. It is suitable for ultra-high pressure deep cleaning or high-temperature steam and hot water cleaning. Venturi suction water recovery is an optional feature.

CODE	SSFC-HP18
Max Pressure	5000psi/345bar
Max Temp.	60C°/140F°
Inlet Fitting	3/8" Female
Nozzle Orifice	2 x 2.0
