

Professional Surface Cleaner

Connect to a high-pressure washer and use an aluminum spray bar that rotates at a high speed off the ground to clean the flat surface more consistently than the standard wands. It features a large cleaning path, with less fatigue and 10 - 20 times faster. It comes equipped with strong bristled brushes for long life and easy glide control. This surface cleaner is designed to eliminate operator fatigue while increasing safety. It can be used on decks, patios, sidewalks, driveways, pool decks, parking lots and any other horizontal flat surface.

SSFC-ST21

21-inch Stainless Steel Surface Cleaner

Large size housing for straight connect to wand built with quality standards

A professional-grade rotating mechanism is equipped with dual 304 stainless steel bearings and a precisely ground tungsten stem and seat, ensuring maximum durability and a long lifespan. The strengthened 304 stainless steel housing and strong-bristled brushes contribute to a long service life and easy glide control. The non-marking 2.5-inch swivel castor is easy to maneuver, reducing operator fatigue and enhancing safety.

CODE	SSFC-ST21
Max Pressure	4000psi/275bar
Max Temp.	60°C/140°F
Inlet Fitting	1/4" QD Plug
Nozzle Orifice	2 x 2.0
